SUMMER JUNIOR PROGRAMME 2023

Pre-arrival Information for Juniors

Welcome to Malta and to Gateway School of English! We are delighted to receive you on our premises and hope that the entire package of your stay, including aspects of academics, accommodation and leisure, will not only meet but also exceed your expectations. In fact, we would like to take this opportunity to congratulate you on enrolling at GSE! You have made an excellent choice in deciding to combine your English language learning with a visit to our beautiful islands. Thanks to Malta's history as an ex-British colony, English enjoys official language status along with Maltese, and this guarantees exactly what you, as a student investing in your education in another country, are looking for: an environment that produces top quality results in a very special and unique place. This is the reason why Malta is such a favourite destination among students who are looking for a balance of classroom and culture while having some real holiday fun! Moreover, with our typical hospitality, approachability and our emphasis on individual attention, here at GSE, we go the extra mile in ensuring that our students have the best stay possible, and are always at your service, eager and willing to address any of your queries and concerns.

Your first day

On your first day in Malta you will be picked up from the airport by one of our members of staff. Don't forget to look out for the purple GSE logo! You will be taken to your host family or the junior residence (Topaz hotel), where you will be given a chance to unpack, get comfortable and have a rest. You can then take a look around the surrounding area by going for a relaxing walk to get your bearings and find out what amenities are close at hand. Some of our host families are located within 10 to 20 minutes' walking distance from the school. Students staying with host families which are located within more than 25 minutes' walking distance from school will be provided with school transport. The host family will show you the pick-up/drop off point for the school transport on your first day.

On your first day of lessons, you will walk to the school with your host parents (if you are staying at a host family nearby the school) or come to school by private transport (if you are staying at the junior residence or with a host family more than 25 minutes' walking distance). If you are staying with a host family nearby you may go directly to the centre for the rest of your stay, you will be shown the way to school only on your first day.

If you have taken the test online, then that's great! You will join a class as soon as you arrive at the centre. Here's the link to the online test: <https://english-malta.com/student-life/online-english-entry-level-placement-test/> If you have not, then you will need to take the placement test. This will take around one hour and it is important for us to place you in the correct class with other students of the best level. Remember, there is no pass or fail! Once you join a class, it is important to remember to have fun and get to know your classmates; it is the best way to learn English!
